

# ART OF THE MASTERS PROGRAM

PRESENTS THE LIFE & WORK OF

# Leonardo Da Vinci

> Leonardo Da Vinci was a man of many talents - a Renaissance Man. He was an engineer, an inventor, a sculptor and a painter. No ones paintings are more famous in history. His interests in science, especially anatomy, enabled him to paint portraits which are hauntingly realistic. Leonardo Da Vinci went on to change the world of Art completely and forever.

> During our hands-on session, we will work together using paints and plastic to create our own group masterpiece. You do not want to miss this stroke of genius. Afterwards, our large scale painting will be framed and signed by all.
