

*ART OF THE MASTERS PROGRAM*  
*PRESENTS THE LIFE & WORK OF*  
**ROMARE BEARDEN**

> February marks Black History Month which makes it a wonderful time to explore the life and work of Romare Bearden. Romare Bearden was a Harlem Renaissance artist who loved exploring his art. He created it everyday after he came home from his job. He painted at night and on weekends for over 30 years. It wasn't until he was in his 60's that his art evolved to the point that the art community took serious note. His iconic collages are connected to his life - filled with images and his memories of the South, New York City and feelings of Music. Today, Romare Bearden is considered one of the most innovative artists of the 20<sup>th</sup> century.

> During our hands on session, participants will have the unique opportunity to create a mixed media collage using marker, paper, newsprint, and plastic. Afterwards, individual pieces will be framed for all to enjoy. Please come and join us - we would love to see you!
